

°SO1

The design of this large-scaled lamp is pure and back to basic and so the SO 1 really leaves nobody untouched. Made in PE (polyethylene) by rotational moulding, this large lamp (height 1m40) can be used inside as well as outside. Build-in in ceiling or wall, lying on the floor or just hanging in the room. Outside used as street light (with a post) or as lighting accent in the garden. The use of this lighting-object will give an extra accent to rooms, spaces, streets and public parcs.

design by Sara Olaerts.
